MEMORANDUM FOR: Chief of Operations, DD/P

SUBJECT: Notes on PSB Luncheon Meeting of 14 May.

NSC review completed - unredacted segments may be declassified

1. The following is the substance of the information communicated to me orally by Mr. Dulles following the luncheon meeting of the PSB yesterday. You and Mr. Barnes and [redacted] will observe that certain action is indicated on our part -- although it would appear desirable to perform the appropriate amount of "coordination" with the other interested agencies in certain instances prior to our taking direct action. Moreover, some of the points are not fully developed and there will probably be some re-checking necessary on some of them in order to get the full significance. 25X1

2. There was some discussion of the issue previously raised concerning "food for the satellites." It was generally agreed that it was out of the question at least for the moment for any governmental offer to be made to send food to certain satellites which are reported to be in famine or near-famine conditions. Neither the public nor congressional temper at this time will tolerate any such proposal, and the whole thing is too risky to try on in an official manner. [redacted] 25X1 25X1 25X1

3. There was a lengthy, although informal and quite inconclusive, discussion of certain of the Jackson Committee recommendations. It was agreed that copies of these recommendations should be obtained by State (General Smith), MSA (Mr. Stassen) and CIA (Mr. Dulles), and that each of these parties should do their homework respectively in order to be prepared to discuss the recommendations more definitively at next week's meeting.

4. There was also some discussion of the Hickenlooper (senatorial) Committee report and recommendations concerning IIA and the future of its functions. General Smith, speaking for State, voiced the view that the bulk of the IIA functions should be removed from the State Department. This was apparently a tentative view since it was mentioned that there is to be a meeting at the White House on Saturday May 16 for a further discussion of this problem -- which is not of direct concern to CIA.

6. Mr. Dulles referred to some highly-favorable comment on the part of Mr. C.D. Jackson and General Smith concerning a program which RFE had run off on the anniversary of VE Day. Mr. Dulles was not fully familiar with this and requested to be informed. He thought that if the program were regarded by us as being as good as represented in the discussion, some congratulations to NCFE-RFE are in order, and further suggested that the people in New York might send off a "well done" to Munich. Will [redacted] please give his attention to this item? 25X1
